[www.nuvovanity.com](http://www.nuvovanity.com)

The Furniture Guild, Inc  
ph (888) 479-4108 - fax (770) 479-0176

**Features**

Made to Order in the USA.

Modular construction for easy customization.

Built using PureBond Formaldehyde free technology.

All drawers are built from 5/8" thick Solid Maple using Dovetailed construction.

Blum Full Extension Soft Closing Drawers and Soft Closing Hinges.

Each cabinet features a gasket seal to protect interiors from dust.

Caesarstone Tops with sinks are available as options for most designs.

We have the capability to modify any piece to fit other top/sink combos.

Custom sizing or configuration changes are available.

Specs available at [NUVOVANITY.COM](http://NUVOVANITY.COM).

**Caesarstone Tops**

For now, the only color available is Blizzard.

Each design has its own top spec with regard to size.

All overhangs are figured to be 1/8" +/- 1/16".

Sink is undermount White Porcelain with a 18" x 11" opening with overflow.

We only offer a cutout for our sink.

Please specify number of faucet holes.

**Finishes**

The finishes available for each piece are shown on the same page as pricing for that item.

All pieces regardless of finish will come with a clear maple interior. Call factory for other options.

**Misc**

Professional Installation is required.

Vanities designed for wall mount require blocking in the wall. Mount 2 x 12 horizontally in wall for maximum support.

Hanging hardware is not provided for vanities but every cabinet has a solid 3/4" plywood back so it can be attached using lag bolts, screws, etc.

Wall mounted linen towers, lift up medicine cabinets, and mirrors do come with "Z clip" mounting hardware

Some accessories like internal lighting will require electrical service. Please see spec sheet for required locations. [NUVOVANITY.COM](http://NUVOVANITY.COM)

### Features

- Available in finishes listed here
- Designed to be wall hung
- Clear maple interior
- C-top is 4" thick with a 1/8" overhang
- Sink is White Porcelain 18" x 11"
- Specs available at [NUVOVANITY.COM](http://NUVOVANITY.COM)
- Grain Direction is Horizontal on Front
