New Products

▲ Art Glass Pendants

Nora Lighting's Karen Series of art glass pendant lights features a freeform splash of iridescent color. The pendants are white with rainbows of aqua, green, plum and red, or white on white, and measure 9.5" high x 4.5" diameter. Many mounting options – including Nora rail, mini rail, track, mini track or canopy mount – are offered.

▲ Retractable Towel Ring

Moen's Retractable Towel Ring provides the traditional operation of a towel ring, but incorporates a retractable cord to allow the towel to be used yet stay in place. The ring extends 11" from the base, allowing towel users to pull the towel toward them, dry their hands and release. It is available in chrome, brushed nickel and oil rubbed bronze finishes.

▲ Horizontal Shower

The Horizontal Shower, designed by **Sieger Design for Dornbracht**, features the Ambiance Tuning Technique, which allows for the bather to lie down during the shower for a relaxing, spa-like experience. The shower is shown within a bathroom design in which daylight penetrates the private spa through a perforated brass partition.

▲ Spin Stainless Steel Faucets

The Spin Collection of stainless steel kitchen faucets from **MGS** offers a variety of options, from a water filter spout to pull-out faucets with stainless steel braided hoses. Spouts are equipped with an anti-lime aerator and a check valve that prevents back-flow of impure water. The faucets are available in matte or polished stainless steel.

▶ Travertine Gold Laminate

Formica Corp.'s five new full-scale 180fx patterns feature the premium Etchings finish (with a softly polished finish etched and dappled with highlights from tiny fissures) or Radiance finish, a high-gloss finish that has holographic facets that refract and reflect light.

The Travertine Gold in Etchings finish, shown, is reminiscent of vein-cut travertine, with alternating layers of cream and caramel with gray details.

▲ Cabrits Soaking Tub

The Cabrits premium tub from **Victoria + Albert** takes its name and design from the Cabrits peninsula on the Caribbean island of Dominica, which is a natural product of extinct volcanoes. The tub is fashioned from Englishcast, a material rich in volcanic limestone, and features an elegantly curvaceous shape with contours that fit the body for support and comfort. At a maximum water volume of 46.5 gallons, the tub uses less water yet provides a warm soak for the bather.
